LinkedIn: https://www.linkedin.com/in/vikki-kumar-208591346 | **Location:** Sasaram, Bihar

CAREER OBJECTIVE

Motivated B.Tech student with knowledge of Data Structures & Algorithms, and Full Stack Development. Seeking an entry-level opportunity where I can apply my technical skills, gain practical experience, and contribute to building innovative software solutions while continuously learning and growing as a software developer.

SKILLS

Languages: java, C, JavaScript, HTML/CSS, SQL

Technologies: Machine Learning, Deep Learning, Data Science, Web Development (Frontend & Backend), Computer Vision **Tools:** Git & GitHub, VS Code, Jupyter Notebook, Google Colab

EDUCATION

- **Bachelor of Technology (Computer Science)** *CGPA: 8.3* **Aug 2024 – May 2028** *Gopal Narayan Singh University, Jamuhar*

PROJECTS

- **Library Management System | Java, OOP, File Handling**

  Developed a Java-based application to manage books and student records.

  Implemented book issue/return, record management, and data persistence features using OOP concepts.

- **Personal Portfolio Website | Full Stack Web Development**

  Developed a responsive portfolio website to showcase skills, projects, and experience.

  Implemented interactive UI and backend integration for dynamic content management.

ACHIEVEMENTS

2026

- Solved 200+ Data Structures and Algorithms problems using Java on coding platforms.
- Strengthened problem-solving skills by practicing various DSA concepts including arrays, strings, recursion, linked lists, trees, and algorithms. **Various**
- Built multiple web development projects to apply and improve practical programming skills.
- **Active Participation in Technical Events & Hackathons**
  - Participated in multiple coding competitions, AI challenges, and innovation-focused hackathons.

SOFT SKILLS

• Problem Solving • Team Collaboration • Communication • Leadership • Strategic Thinking • Adaptability • Time Management • Continuous Learning
